Religious Leader And Fiancee Slain With Taxi Driver

One of Pair Captured Blames Fugitive Companion for Triple Murder; Couple Shot in Parked Auto; Cab Driver Robbed and Killed

CHICAGO, July 12—A Sunday school superintendent his fiancee and a taxicab driver were shot and killed by two bandits in Cicero West Chicago suburb early today. The scene of the triple murder was within a stone's throw of the spot where several months ago Assistant State's Attorney William McSwiggin and two companions were shot to death.

One of the bandits was captured and is said to have confessed his part in the crime.

The dead are:

Fred Heine 45 Sunday school superintendent of Salem Evangelical Church.

Miss Marie Blang 23 Heine's fiancee.

Ludwig Rose, 24, taxicab driver.

Slain in Cab

Heine and Miss Blang were slain as they sat in an automobile in front of the latter's home. Rose died in the county hospital three hours after the shooting. He said the bandit pair hired him and told him to drive to a certain address. When they neared the automobile occupied by Heine and Miss Blang they commanded him to stop.

They robbed Rose stripped him of his uniform and attempted to take his car. When he objected they shot him through the stomach. He said he heard the shot that killed Heine and Miss Blang as he lay in the street a block away.

The captured bandit gave his name as Thomas McWain. He said he did not know his companion's name as they had met only four days before. He said the fugitive bandit did all the shooting.

ARREST MARION PHYSICIAN ON SERIOUS CHARGE

Dr. Dana O. Weeks, 60, Secretary of County Medical Society, Held to Grand Jury

IS ACCUSED BY NURSE

Romance Having Its Inception During Flu Epidemic of 1918 Has Grave Sequel

Dr Dana O Weeks 60 secretary of the Marion County Medical Society and a well known physician of this city for many years was at liberty today under bond of $600 on a criminal charge preferred by Miss Corra L Richardson 31 a trained nurse of Blue Hill Me.

Miss Richardson accuses Dr Weeks of being the father of her daughter 16 months of age born in Chattanooga Tenn March [illegible] 1925.

Dr Weeks entered a plea of not guilty when arraigned before Magistrate Joseph Justice Saturday night and was held to the grand jury which convenes in September.

Come to Marion

Miss Richardson and her daughter were here Saturday conferring with her attorney Fred Carhart. The affidavit upon which Dr Weeks' arrest was based contains 2,000 words and gives a detailed recitation of the alleged romance from the time of its inception until the birth of the child seven years later.

Miss Richardson in her affidavit says she first met Dr Weeks in Limestone Me in November 1918. The meeting occurred at the Limestone hotel. Later she worked as a nurse at the Red Cross Emergency Hospital where Dr Weeks was a physician.

At that time she charges Dr Weeks was in the government service under authority of Governor Milliken of Maine. Dr Weeks and the nurse were at the emergency hospital caring for flu cases for about five weeks she alleges.

From Limestone Dr Weeks went to Augusta Me she alleges and she accompanied him.

Intimate Friendship

In December of 1918 she charges the relations between the doctor and herself passed the platonic stage and they went to Boston Mass together. Dr Weeks she charges purchased baby

Death Takes Ex-Secretary

CLINEDINST

JOHN W. WEEKS

Family at Bedside As Death Comes At Lancaster, N. H.

Tumor on Artery in Brain Cause of Illness That Forced Ex-War Department Head To Resign, Condition Critical for Nearly Week

LANCASTER N H, July 12—John W Weeks, former Secretary of War under Presidents Harding and Coolidge, died at his summer home Mount Prospect, here, early today. He was 66 years old.

The end came with his family at the bedside fully prepared for death in view of a bulletin issued by attending physicians late Sunday, stating that the former cabinet member could not survive another twenty-four hours.

Gathered around the bedside when the end came were Mrs Weeks their son Sinclair Weeks and Mrs Sinclair Weeks, and Mr and Mrs John W Davidge of Washington son-in-law and daughter.

The former war secretary never fully recovered from the illness that compelled him to resign from the cabinet and two weeks ago he took to his bed for the last time with what was announced as a tumor on an artery in his brain.

His condition became critical last Wednesday and several days ago he lapsed into a coma.

The former cabinet officer trod many walks of life in his crowded 66 years having been a farm boy in New Hampshire, district school teacher, naval midshipman, surveyor in Florida, member of a prominent brokerage firm, Massachusetts alderman, mayor, congressman, United States senator, Republican party leader and finally secretary of war.

Born in 1860

Like President Coolidge Mr Weeks was a country boy from the rugged hills of Northern New England. He was born on April 11 1860 on his father's little New Hampshire farm near here. His father William D Weeks was a direct descendant of Leonard Weeks, one of the New Hampshire pioneers.

A revered judge the elder Weeks taught the future cabinet member at night after the day's chores were done, and at the age of 17 John Wingate launched forth as a teacher in the district school.

Later while attending Dartmouth College Weeks grasped an opportunity to enter the United States Naval Academy at Annapolis Md and served two years as a midshipman after graduating.

At that time however the government had far more officers than ships and the number of commissions was cut down, Weeks returning to civilian life.

Married in Florida

He then went to Florida and took a job running out lines of old Spanish grants. It was there he met, wooed and married Miss Martha A Sinclair, daughter of Charles A Sinclair, partner of Frank Jones famous brewer.

They moved to Boston where Weeks entered the stock brokerage business.

Weeks served in the Spanish American war as a captain in command of the second division auxiliary U S naval force on the Atlantic coast.

It was in Newton, Mass 26 years ago that Weeks first tasted political life winning a contest for alderman. He liked it, became a candidate for mayor and was elected.

Smitten with political ambition Weeks then launched a campaign for congress from the twelfth district and in 1904 he was elected to the 59th congress serving right through to the sixty third congress when he resigned

City Council Likely to Slice Budget to Bone at Public Hearing Tonight

Prettyman and Mouser Say People Need Not Fear for Huge Increase; Both Take Exceptions to Letter of Commerce Head to Mayor Hazen

Taking exception to the letter of George H Knapp president of Marion Chamber of Commerce to Mayor Paul Hazen, R L Prettyman chairman of the finance committee of City Council and City Solicitor Grant E Mouser asserted that Marion taxpayers need have no fear that just because the proposed city budget asks for an increase of $127,000 it will be granted.

Prettyman indicated it would be cut to only necessary requirements.

Mayor Hazen and all city department heads heard Knapp present his letter to city council Saturday [illegible]. Mayor Hazen refused to comment on the letter or matters today.

Public hearing on the budget will take place tonight at a meeting of City Council. Council must have the budget ready for submission to the county budget committee by July 15.

Increase Asked

The increase of $127,000 was asked by the budget for added operating expenses and for various other items among them the purchase of city fire equipment, street maintenance and a portion of the new municipal court.

"Knapp says that new industries cannot be encouraged without lower taxes and if we expect to increase our population we must invite new industries," Prettyman said. "Yet he comes out with a public protest of Marion's tax rate and gives other cities the impression that Marion's tax rate will become even higher. Surely his protest will prove no inducement for industries to come here.

"The finance committee of council can only distribute the amount of money certified to us by the county budget commission. The public need have no fear that the city will receive $127,000 more for operating expenses during 1927. Because that is the amount asked is no reason that it shall be the amount received."

City Solicitor Mouser said "The finance committee of council made up the figures contained in the proposed budget upon estimates submitted by the heads of the various city departments and this does not mean that county budget commission will allow the estimated amounts.

RUSH OF TAXPAYERS TO COURTHOUSE IS STARTED

Books Are To Be Taken to LaRue for Collections This Week

The rush of Marion County taxpayers on the office of County Treasurer Frank E Messenger is under way.

With the expiration of the period for the payment of taxes for the latter part of 1925 only a few days away, the treasurer's office was filled to capacity from early Saturday morning until late in the afternoon.

County Treasurer Messenger announced that the office would be open from 7 until 9 o'clock on the nights of July 19 and 20 for the accommodation of those who are unable to pay their taxes during the day.

Tonight tax books for Montgomery, Bowling Green and Grand Prairie townships will be sent to LaRue where collections for the three townships will take place in the next four days. The books will be opened at the LaRue Bank Tuesday with taxes also being received there Wednesday. The Campbell Bank LaRue, will take charge of the tax payments Thursday and Friday.

Taxpayers in Claridon, Scott and Tully Townships may pay at the Caledonia Bank Tuesday, Wednesday and Thursday. The books will open there Tuesday morning.

ROBERT SCOTT ADMITS HE KILLED DRUG CLERK

Illinois Attorney Says He'll Insist Upon Death Penalty Despite Plea

Chicago July 12—Robert Scott, brother of Russell Scott, condemned slayer of Joseph Maurer, drug clerk today pleaded guilty to the same murder.

The plea verified earlier reports that Scott would throw himself on the mercy of the court.

Assistant State's Attorney Emmett F Byrne announced the death penalty should be insisted upon for Robert Scott regardless of the plea of guilty.

DESIGNER OF NORGE IS FETED IN CLEVELAND

Noted Explorer Greeted by Thousands of Countrymen, Goes to Akron

Cleveland O July 12—After a series of gorgeous receptions, parades and banquets such as are seldom accorded notables visiting Cleveland, Major General Umberto Nobile designer, builder and pilot of the famous dirigible "Norge" which flew over the north pole with the Amundsen-Ellsworth party left today for Akron, Ohio.

Nobile's itinerary called for his return to Cleveland tomorrow and departure then for New York but his friends here today said the plans might be changed and it was barely possible that Nobile might make a swing over the state. Nobile will sail from New York July 24 for Italy. Thousands of his fellow Italians greeted the explorer in Cleveland.

A congratulatory message from President Calvin Coolidge was read at the banquet last night, the proceedings of which were broadcast by radio station WHK. Nobile was presented with a gold and platinum medal studded with rubies and diamonds. It was designed by Salvatore Gali, Cleveland jeweler.

Accompanying Nobile are five Italian soldiers, members of the mechanical staff of the "Norge" on its trans polar flight.

HOPE TO FIND LOG OF ILL-FATED SUBMARINE

Probers Believe Record Will Describe Last Minutes of Life in Death Trap

New York July 12—Reconvening today the board of inquiry investigating the sinking of the submarine S-51 whose steel hull was a tomb for eighteen of her crew hopes to find the log which would describe the last minutes of life inside the death trap.

The sixty-seven sea bags of the sailors will be opened at the inquiry. It is hoped the log may be in one of them. The three survivors of the crash with the steamer City of Rome last September will tell the submarine's side of the story.

Salvage experts also will testify as to what they have learned from the position of the rudder and the gash in the sub's side and the position of the electric controls within the hull.

A special train leaving New York today will carry the bodies of the last six victims of the disaster. All other bodies have been claimed by relatives. These six will be taken to Arlington National Cemetery just outside Washington and buried.

LA RUE SCHOOL DISTRICT ASKS COUNTY FOR $5,000

Only $500 Drawn to Date, However, in Anticipation of Tax Collection

Only one advance draw has been made on the county treasury to date, according to figures from the records of the county auditor who has direct control over the issuance of funds.

The draw for the sum of $500 was made a few days ago by the Grand Prairie School district.

An application for $5,000 was received Saturday from LaRue School district and probably will be granted.

With the period for the distribution of taxes for the latter half of 1925 less than two months away the number of advances recorded is the smallest in many years.

The collection of taxes for this period will be completed by the end of the month and the distribution of funds will be made Sept 1.

KANSAS CONVICTS BACK AT SAME MEALS AND BEDS

Three Hundred and Seventy-Two Prisoners Give Up and Return to Cells

Lansing Kansas July 12—Prison routine with the same meals and the same beds was the program today for the 372 convicts who Saturday night gave up their strike for new conditions and emerged from the 700 foot level of the penitentiary coal mine here where they had barricaded themselves and 14 guards remaining 5[illegible] hours with nothing to eat.

Facing a diet of 15 [illegible] mules if they continued their mutiny for longer and better sheets on their beds, demanding immunity for themselves and leaders from punishment for a previous demonstration in which they hooted all night on buckets and asking other changes in routine of the prison they finally capitulated.

Warden W H Mackey of the prison today intimated he would not punish the prisoners.

The charges that the prisoners were ill fed and mistreated in regard to sleeping quarters were today branded as pure fiction by Warden Mackey.

Two Have Miraculous Escape from Death When Plane Drops at Upper Sandusky

UPPER SANDUSKY, July 12—William Olpp Jr 21 son of Mr and Mrs William Olpp, W Johnson-st and Pilot Walter Bullock, 28, Minneapolis Minn, miraculously escaped death shortly before noon today when the army plane in which they were flying at the American Legion Motor Derby here failed to come out of a nose dive and crashed to the ground on the Fred Hetzel farm, east of the fairground.

Olpp, who, it is said, insisted on flying with Bullock, sustained broken bones in both arms between the elbow and wrist, a crushed nose and a badly cut left leg.

Bullock sustained deep cuts under the left eye and on the chin a badly sprained shoulder and a lacerated right leg.

Scores of persons attending the Motor Derby, which opened yesterday under the auspices of the American Legion Post, saw the plane crash from an altitude of 400 feet. It landed on the left wing and was completely demolished. The pilot and passenger were extricated from the wreckage by those attending the derby.

Bullock who has been flying since 1914, protested against passenger flights today, declaring the quick changing winds made navigation extremely difficult.

The two men had practically completed the flight when the crash occurred.

Having ridden safely through two complete loops in the high winds Bullock set his plane for a nose dive. As the plane dropped to an altitude of 100 feet it was caught by a strong wind. Bullock lost control and the machine crashed to the earth.

Neither of the two men were knocked unconscious by the impact.

The plane, damaged beyond repair, was valued at $2,000.

Plans Nearly Complete for Government Regulation of Commercial Aeronautics

Officials Believe Establishment of Bureau Under Department of Commerce Will Mean Investment of Millions of Capital in Air Transportation

Washington, July 12—[illegible] plans for establishing [illegible] of commercial aeronautics [illegible] department of commerce [illegible] completed. Secretary of Commerce [illegible] expected to [illegible] of the new board of [illegible] fully and definite regulations for [illegible] service.

Officials believe [illegible] that regulation by the government of commercial airplane services will mean the investment of millions of dollars in this new form of transportation within the next year.

Capital, it was pointed out, has hesitated to invest in the air transportation industry without assurance that it would have the same official [illegible] service.

Experts believe that it will [illegible] for the public to become [illegible] educated to air travel [illegible] the form of transportation may take [illegible] the bulk of interstate travel.

The biggest advantage in the use of planes for mail, express, package transportation will mark the first step in building of the new industry. Such service will prove invaluable to business interests dependent upon rapid movement of goods to market.

Several such projects are already operating and reports indicate a [illegible] business.

horsepower will be as nearly danger proof as is possible now.

WITH one of the three engines dead, the plane can continue its journey. If two engines stop, which will happen rarely, the pilot could still travel 20 to 30 miles, depending on his altitude, in search of a safe landing place.

J. L. GARVIN, in the London Observer, says Henry Ford killed the Karl Marx theories when he (Ford) established $5 a day as a minimum wage. Marx built up his theories from deep books in the British Museum. Ford built his plan in a factory, studying men.

* * *

FIVE dollars a day, that you really [illegible] or $6, the present Ford minimum, is better than any theory telling how to get the $5 or $6 a day, [illegible]

Every real problem is solved by a $6 wage. That is only one step toward decent living, and $6 is far from [illegible]

* * *

IT would be like anarchy [illegible] to say that [illegible] general American prosperity [illegible] if wages were raised from $1 to $5, so it would improve [illegible] if they were raised as they will be in time from $5 to $25 a day.

Years hence $125 for a five-day week will not seem strange.

But wages do not settle everything. Men want the [illegible] for THEMSELVES, the [illegible] of making more when they do [illegible] work. They want freedom from [illegible] and they want VARIETY OF OCCUPATION.

* * *

FORD knows it and plans at least variety. He wants farmers to do factory work in winter, taking the work to them. Also he plans to cut the agricultural year to a few weeks of actual work, with the help of machinery.

* * *

IT would make conservative capital shudder if it could foresee the size of wages in the future and the luxury of the average man. Men above the average will of course get more in proportion.

* * *

THE government arsenal at Lake Denmark in New Jersey was destroyed with disastrous loss of life. And the fact that lightning caused the explosion is taken as sufficient explanation of the disaster. But IS it sufficient? What experts has the government recently employed to deal with the lightning danger that kills so many, menacing every arsenal, powder plant and oil tank in the country?

* * *

LIGHTNING is electricity from the upper atmosphere on its way to enter the earth. It is not a malicious power used by Divine Providence to punish as once was thought. It is power running wild. Franklin suggested a way to control it with his lightning rods, and many barns and houses were defended by such rods in the old days. Has any systematic effort been made by government scientists or others to direct the descending electricity into a safe channel?

* * *

WOULD it have been possible to prevent that Lake Denmark disaster with a series of copper wires extending into the air above the arsenal and running down to wet ground?

Men know how to conduct thousands of electric [illegible] from [illegible] distant cities. Would it be impossible to arrange [illegible] lightning [illegible] if the government took the danger seriously?

* * *

THE more you cut prices, if you do it wisely, the more you make. That applies to Uncle Sam in his tax collecting. The president and Mr. Mellon slashed income taxes, cutting half from the maximum percentage collectible, and [illegible] back of [illegible] was [illegible]. With lower tax rate, the government's receipts for this year have increased by $251,802,610. Income tax yielded $1,972,798,889, of which New York state paid one quarter.

THIS nation ought to have a flying machine fleet to protect its mountain of money. NOTED BELMONT COUNTY DEMOCRAT SUCCUMBS

Barton, July 12—Belmont County's democratic oracle is no more.

William Shannon Barton, 83, and one of the best informed political observers in Eastern Ohio, is dead after ten weeks illness of paralysis. Mr. Barton was known throughout the 18th congressional district and his opinion was sought by prospective candidates for many county and district offices by members of his own and other parties. Mr. Barton died on the farm on which he was born. The deceased spent a number of years in the west as a member of federal surveying parties that ran the state lines of Colorado, New Mexico and Utah. Barton, a coal mining town, was named for the family.

YOU'LL LIKE TRADING AT SCHAFFNERS

This may be news to you—

It is possible that you have had experiences with one or more furniture stores that were not exactly to your liking. Many have.

It may be news to you, therefore, to know that it is a definite and a distinct policy in Schaffner's to see that NOTHING ever happens in here that will give a customer the slightest cause for dissatisfaction.

Little things may go wrong occasionally—oversights and minor mistakes occur no matter how careful one tries to be—but you can rest assured that if a mistake IS made it is corrected immediately and to your entire satisfaction.

There is no substituting here; no price juggling; no claims made for merchandise that are not true. You are treated just exactly as you wish to be treated.

FLOWERS, FLAGS DISPLAY MAKES SPOT BEAUTIFUL

Watchmen's Labors at Shanty Draw Attention; Local Railroad News

One of the most beautiful spots in Marion on Sunday is the Erie Railroad crossing at N. Greenwood-st.

An abundance of flowers of all colors, and the small American flags, placed in ornamental order, form the scene which attracts hundreds of motorists and tourists.

The floral decorations may be seen every day of the weeks and are, in themselves, worthy of attention.

But the flags are seen only on Sunday.

Vincent Nardine and John H. Williams, watchmen at the Erie crossing at Greenwood-st, are responsible for the flags and flowers.

The flowers were first planted about the dingy watchman's shanty but, not content with beautifying the shanty yard only, Nardine planted and cultivated flowers on both sides of the Erie tracks and on each side of Greenwood-st, forming flower gardens where it did not seem possible that flowers could exist.

Each Sunday Nardine, who comes on duty at 6 a. m., puts the many flags about the natural floral adornment of his shanty yard and the Erie tracks. John H. Williams, who relieves Nardine nine hours later, takes in the flags at night.

Several members of the local Elks' lodge boarded the special train to Chicago over the Erie railroad here early yesterday morning.

The special, carrying members of various Elks' lodges of Central and Southern Ohio to Chicago to attend the annual convention of the Elks and the dedication of the Memorial Headquarters Building left Marion at 1:20 o'clock yesterday morning.

The train arrived here at about 1 o'clock on the Hocking Valley tracks, coming from Columbus. A transfer was made here to the Erie Railroad for the remainder of the trip to Chicago.

The second excursion of the summer from Columbus to Detroit, via Marion, over the Hocking Valley railroad was announced today for Sunday, July 18.

The first excursion of the season to Detroit a few weeks ago drew a large number of patrons and many inquiries concerning the next special train have been made at the local ticket office. From all indications a large number of Marion persons will take advantage of the special rates for the round trip.

The train will leave Marion at 1 o'clock Sunday morning, July 18, arriving in Detroit at 6 a. m. On the journey to Detroit the special will depart from Prospect at 12:30 and will leave Upper Sandusky at 1:58 o'clock.

On the return trip, the excursion will leave Detroit at 5:30 p. m., departing from the Fort-st Station.

Marion members of the Erie Veterans' Association are planning to board Train No. 4 on the Erie next Tuesday, July 20, for the first lap of the journey to Buffalo, where the annual outing of the association is to be held on Wednesday, July 21. Train No. 4 takes the veterans to Jamestown and from Jamestown the remainder of the trip will be made over another section of the Erie.

The outing will be held at Crystal Beach on Lake Erie. Every Erie veteran and his family is invited to attend.

SPRINGFIELD WOMAN IS BURIED HERE TODAY

Final rites for Mrs. J. S. Henry, Springfield, former resident of Marion, were held this afternoon at the home of her half brother, William Coler, 235 Blaine-av. Rev. O. E. Knepp, pastor of United Brethren Church, officiated and burial was in Marion Cemetery.

Mrs. Henry died at her home in Springfield early Saturday morning of infirmities of age. She lived in Marion 20 years ago.

FUNERAL SERVICES FOR MORGAN W. DEBOLT HELD

Funeral services for Morgan William DeBolt, a former resident of Richwood, were held at 1 o'clock yesterday afternoon at M. H. Gunder Funeral Home and at 2 o'clock at Bethlehem Church of Richwood. Burial was in Richwood Cemetery.

Mr. DeBolt died at his home, 326 Grand-av, of cancer of the liver Friday morning. He had been ill for eight months.

COOL JUNE NIGHTS MAY REDUCE CROP OF HONEY

Defiance, July 12—Cool nights of June and the late spring reduced the prospects of a good honey crop, unless sweet clover is plentiful this year, according to C. E. Kintner and H. W. Mandel, Defiance County apiarists. Several swarms in the seven yards operated by Kintner and Mandel have shown low production, they said.

JUDGE ALLEN ARRANGES SCHEDULE OF ADDRESSES

Thirst is like a fire alarm

A Natural Answer

Your whole system is constantly burning up moisture.

You are three-fourths moisture in the first place. The machinery in you for generating and expending energy requires even more than that to run on.

Hence thirst is one of our strongest impulses. And it acts like a fire alarm. But nature warns us not to wait for a big three-alarm fire. She sounds little alarms—the taste-thirst, the palate-thirst, little thirsts that make you think how good a cold glass of the drink you like best would taste.

You might say—thirst is nature's fire alarm. We know that Coca-Cola is a natural answer.

It's a drink of natural flavors, prepared and distributed by an organization adequate to safeguard its purity and wholesomeness every step of the way to you—wherever you may stop to refresh yourself.

CALL PADLOCKS ON SPEAKEASIES LAUGHMAKERS

Beer Continues To Flow Behind Sealed Doors, It Is Asserted

New York, July 12—"This place closed for six months for violation of the National Prohibition Act."

That placard adorns today a large number of saloons, speakeasies and restaurants which formerly sold bootleg liquor and beer—at least the local and Federal authorities use the word "formerly."

But investigation indicates that there are several establishments still operating with considerable financial success behind the padlocks which are supposed to seal their doors. The padlock idea, it was thought, would greatly discourage liquor dealers, but they appear to be hard to discourage.

Fooling Padlock

There are a number of ways in which saloons get around the padlocks. One of the most peculiar is that method used by an old type saloon almost in the geographical center of New York.

The place in question is of the "corner" variety, with a door on each street. When the padlock order came through it was for 212 Block [illegible] street. The Deputy Marshall went [illegible] and locked the door at that address. But the other door, only a few feet away on the other street, is still swinging to the enthusiastic parties of the many patrons.

And incidentally, the owners of the saloon are reported to have staged a "padlock party" on the fateful day, to which the deputy marshall was invited and from which he departed some hours later in great need of repair. He seemed to have had the idea in performance of his duty, that if he could drink everything in the place it would have to close anyway.

Several other speakeasies have worked on the same plan, with variations. Entrances have been run through to back streets, from houses next door, etc. But the example mentioned is given because of the lack of complication. The owners believed in simplicity, and it seems to work, as it is now almost time for the padlock to be removed again.

Laugh In Hoboken

In Hoboken, N. J., visitors are often astounded by the scene on a street near the New York ferry house, a few minutes ride from the metropolis. There are half a dozen restaurants, saloons and hotels in the block, all engaged in the business of deceiving Uncle Sam.

On the smallest, most run down and ramshackle of these is the familiar padlock. But the other, more pretentious, are still serving beer, it is said of good strength, and various liquors, to all comers. Not even an introduction is necessary.

Poor Professor Who Can't Find Subject for Research

New York, July 12—Strange are the paths men follow in their search for knowledge.

At Columbia University alone at the present time professors are conducting forty different researches into the secrets of the universe.

These range from the study of the insulin case of the alligator to an investigation of the ancient Egypt. All over the world this summer men of science from the New York university will inquire into the whys and wherefore of this planet.

Professor Simkhovitch will study the patriarchal family and the reason for its breaking up into the individual family. Professor Boas will search into the social organizations of the Indians.

Studies of fungi will be made by one investigator while others conduct researches into corporation laws, perfumes and their effects, criminal courts and economic theories, the costal plane shoreline and the vitamins in milk.

Health hazards involved in different cooking utensils, family resemblances in intelligence, the emotional "drives" in animals and researches into many phases of medical science will be the subjects investigated by other men.

He's a poor professor at Columbia who can't find some phase of this world's life to pry into.

KANSAS FARMERS SEE TOURIST AS NUISANCE

Three Auto Nomads to Every Legitimate Vacationist, They Assert

Kansas City, July 12—The first suggestion that tourists are not an unmixed blessing, although pains are taken by cities along the national highways to provide for their comfort, and to woo their patronage, have begun to come from various rural organizations along the Red Star route, south to Texas, and the Victory Highway, U. S. No. 40, the west coast route.

"We are heavily taxed to pay highways that are of advantage chiefly to tourists who cut up the roads, and bring no advantage to the farmer" is the criticism of one of the officials of a Kansas farmer's organization.

"For every legitimate tourist there are three auto nomads, of a low class, and in whose wake follows a wave of petty thievery, and misdemeanors that makes the property of farmers, and residents of smaller communities unsafe, and necessitates constant watch" is the complaint of the head of one of the Missouri farm associations."

The council [illegible] within the amounts [illegible] needed equipment.

[illegible] Marion [illegible] during the year [illegible] 1927 had this to say: [illegible] Marion [illegible] and Frederick [illegible]

Since Jan 1, 1924 the [illegible] of Marion has [illegible] approximately from [illegible] 1706.75—an unprecedented [illegible]

The [illegible] of Marion [illegible] in 1925 with a surplus in the [illegible] fund of $ 6000. This amount was deducted from the sum of [illegible] allowed the city by the [illegible] commission in 1925.

The tax payers of Marion need [illegible] with reference to the [illegible] for the purpose of operating the city in 1927 for the [illegible] will be [illegible] amount estimated after the rate [illegible] used in conjunction with [illegible] county purposes.

An amount absolutely sufficient to economically run the city should [illegible] for because the amount [illegible] will be reduced and if the amount [illegible] would be [illegible] Marion might again be faced with the [illegible] problem of [illegible] the [illegible] of streets and the reduction of [illegible] departments which should be avoided.

Should Be Slued

The city officials [illegible] with the reduction of taxes and have been scrutinizing [illegible] without proper [illegible] to issue any bonds for any [illegible] purpose within a period of approximately three years, carried this policy into effect.

The present council before [illegible] the budget should strike from it any items of expenditure not absolutely needed next year [illegible] the amount requested from the county budget [illegible] is low as possible in order that the lowest tax rate possible may be [illegible] for Marion.

It should be borne in mind, however, that the new municipal court will have to be financed for at least six months until it can function sufficiently to become self sustaining, and that the Marion Fire Department should at all times be kept up to a high degree of efficiency.

This statement is made in order that [illegible] may not get the impression that council has not been conducting the city within its income and that the amount that may be asked from the county budget commission, whatever that amount may be, will be granted.

I agree with any friendly suggestion that suggests to anybody having in charge the conducting of the business of the city or county that only an amount be asked for that may be considered absolutely necessary in conducting the business of the city and county in view of the present rate of tax.

Lightning Strikes

The first explosion occurred when a lightning bolt struck a quantity of ammunition at the navy base. A minute later a heavy smoke began to rise from the depot that sheltered the depth bombs, weapons filled with T. N. T. and stored for use against enemy submarines.

Army Suffers Loss

The army suffered $1,000,000 damage in the Dover, N. J., arsenal disaster, Secretary of War Davis estimated today.

Davis announced that no action can be taken by the war department to move the arsenal until congress makes appropriations and authorizations.

The original cost of the army arsenal [illegible] was $1,000,000.

Between 3,000 and [illegible] 000 civilians [illegible] homeless as result of the blast [illegible] in charge of Red Cross relief work at Dover, reported to Washington headquarters. MARION ROTARIANS TO PLAY HOSTS IN AUGUST

Memory Test Held Among Members of Club at Noon Luncheon Today

Plans relative to holding inter-city meetings with members of the Galion and Mansfield Rotary Clubs were discussed at the weekly noon luncheon meeting of the Marion Rotary Club at Hotel Harding today.

No definite action was taken at the meeting, but it is expected that members of the Galion and Mansfield organizations will be entertained at the Marion Country Club some time in August.

Following the luncheon a memory test was held among the members. Each individual member was asked to name certain other members of the club in answer to questions relative to the business occupation of these members.

A report on the national convention of the Rotary International held at Denver, Colo., recently was made by Clarence Brown, who represented the Marion organization at the convention.

New York City's underground affairs have become most decidedly involved.

After careful study of the working of the primary we have just about concluded that the system was devised by an efficiency expert.

While there may be no present need one can see how having a king for the father in law of his son might in time of stress prove a sort of an anchor to windward for any dictator.

A few decades hence were it organized a "Society of Descendants of Former Cabinet Officers" would come mighty near embracing the citizenship of all France.

Tammany Chief Olvany returning from the West tells New York reporters he was fishing for fish and found a big demand for Al Smith. What we can't understand is why Al should be mixed up that way with fish. For some reason it doesn't listen. Just like poor politics.

Chairman Tom E. Dye of the Democratic state committee is out against the movement for the abolishment of the primary which looks to us like another boost for the plan to do away with it not because Tom is the chairman of the Democratic committee but wholly and solely because he is Tom.

The Canton News remarks that "it is hard to understand why there should be any reticence about making public the donors' names in the Anti-Saloon League inquiry. [illegible] need be ashamed of aiding a worthy cause." True. Very true. But then there are always those who like to play both ends against the middle and we suppose Mr Wheeler feels that they should be protected.

If congress really wants to help agriculture says the Rockford Morning Star it might benefit two great industries at once by buying up the used cars on the market and giving them to the farmers. We take it that this is the Illinois idea of the best way to [illegible] overproduction.

We note that one of the many gentlemen who have signified their willingness to sacrifice their personal interests to serve the people of Ohio as governor is having a lot to say about efficiency. [illegible] in a position to [illegible] than many a [illegible] at one time [illegible] accomplish [illegible] along [illegible] after [illegible] at the [illegible] can [illegible] almost all of us eat more than we should and eat too hurriedly and to [illegible] ourselves by eating irregularly.

There is nothing like sensible [illegible] exercise and [illegible] plenty of sunshine and fresh air [illegible] health experts [illegible] more and more [illegible] to the view with [illegible]

In this connection we note that [illegible] ago Sir George Newman chief medical officer of the British ministry of health in an address said:

The week end habit of enjoyment of the seaside and sea bathing [illegible] extended travel annual holidays and what he called the emancipation of women are having a common effect on personal and public health. Other things making for improvement in public health are an increase in [illegible] more amenable cities more windows, more tooth brushes and greater simplicity in dress.

Not all of us can enjoy week ends at the seashore and sea bathing or extended travel but in a city the size of Marion and with a location such as ours all of us can get the benefit of bathing whether [illegible] tubs or how. All of us can get the sunlight and fresh air and all of us can get exercise, and we know of no better form of exercise than walking, which we can do at no cost save that of time and at great profit.

Resourceful Germans.

[Boston Transcript.]

The Germans are a resourceful people. Their resourcefulness in war has caused the rest of the world a great deal of trouble and sorrow but the same gift exercised in science and industry has brought the world advantage and may bring more to it. An instance of this faculty is found in the fact that because it is hampered by the restrictions of the allies which prevent anything like aeroplane development in the direction of military efficiency the German aeroplane passenger service has been compelled to devote all its attention to making flying safe. With what result? This result that flying is safer in Germany than anywhere else in the world. The director of the service is able to point out that not a single accident has occurred in that service in the last three months' operation of fifty lines and that in that time not a single plane has failed to be on its scheduled trip although the weather has been the most tempestuous ever known in the country. As an instance of the degree of safety attained it is noted that last Sunday a German pilot flew from Amsterdam to Berlin with seven passengers and 100 pounds of freight through a cloudburst and with lightning playing through the air more than an hour and landed safely at his destination only ten minutes late. In the meantime a considerable number of lives were being lost in the storm on the surface of the earth. With all this skill it was safer in the air than it was on the land.

All this constitutes a remarkable record. It is creditable to German science as well as to German patience and it demonstrates the national disposition to excel in some particular point if supremacy is denied it in other directions. By cultivating the art of safety through the development of devices of security and careful training and frequent relief of aviators the Germans are not only bringing advantage to the science and the trade of flying every where but are accumulating experience which will stand them in good stead possibly in a military way if the restrictions [illegible] power of entente and other [illegible] applying to warlike operations [illegible] successfully evaded.

Keep Your Mind Off Ailments.

BY ROYAL S. COPELAND M. D.
United States Senator from New York
Former Commissioner of Health New York City

An enterprising reporter asked Dr. Charles [illegible] the president of [illegible] university for a public message. This is what he was [illegible]

"If I had opportunity to say a [illegible] word to the young people it would be this:

Don't think too much about yourself. When [illegible] [illegible] splendid [illegible] and civic [illegible] [illegible] all follow."

Nothing is more depressing than to listen to the complaints of a man or woman, the picture of health but happy only when complaining about some part of the body. The pain in the head, in the feet, in the leg, in the knees, no matter where it is [illegible] the dominant thought of the self-pitying mortal. It is the main subject of conversation.

Unfortunately the egotism of many a person is so inflated that the only thought is of self. There is a conviction that the thoughts, the actions and plans [illegible] of this important individual are of worldwide interest. They are not. In all probability nobody cares a rap about the vaporings of this conceited person.

I would not give the impression that the world is uninterested in your troubles. For it is not. If you are ill or in actual distress there are dozens of your acquaintances who will flock to your relief. The milk of human kindness never grows stale.

But if you think only of yourself or too much of yourself you may grow morbid, gloomy and selfcentered to a degree that makes you unwelcome. Your [illegible] thoughts are all always of yourself.

To get rid of a headache you must get interested in something outside yourself. You will forget all [illegible] if you put your mind on something else.

On the contrary you can worry over a pain or swelling or some other symptom until you imagine yourself the victim of cancer tuberculosis Bright's disease cataract or some other dreadful thing. You can think yourself into a very real actual disease.

If you think there is something wrong with you go straight to your doctor and tell him about it. Let him sit down and examine your things. Find out the facts. Ninety-nine times in a hundred he will laugh away your fears. He will show you why you need not worry another minute.

When you find out you are thinking about yourself most of the time it is time to find out what is wrong. What is wrong [illegible] what is wrong with you.

Perhaps you are eating too much. Your system is clogged and the organs are not operating as they should. I doubt if there is any more frequent cause of intolerable [illegible] which may lead to mental depression worry and thought of self.

Give yourself proper food temperately consumed, plenty of exercise and fresh air. Read good books, attend appealing entertainments, meet cheerful friends and keep busy at your regular duties. Fill your mind with thoughts of history, literature and current events. Don't waste time by thinking of yourself, your appetite and all of [illegible] such thoughts [illegible] is and of no benefit to your friends and neighbors.

Who's Who and Why.

CLAUDE A. SWANSON

With congress dismissed both political parties are actively engaged in getting on the fall campaign. Senator Claude A. Swanson of Virginia has been allotted the task of handling the Democratic speakers' bureau of the congressional committee.

Ever since his appointment in 1910 to succeed the late Senator Daniel, Senator Swanson has played an important part in the Democratic politics of the upper house.

Claude A. Swanson was born at Swansonville, Virginia, in 1862. Starting life as a clerk in a general store he later entered the University of Virginia from the law department of which he graduated in 1886.

He practiced law for several years at Chatham, Virginia, then entered the political arena in 1893 until 1906 he represented the Fifth Virginia district in the lower house of congress, resigning to accept the governorship of Virginia.

In 1910 he resigned as governor to enter the senate. He has served in the senate continuously for twenty three years.

Today's Worst Story.

BY WILL ROGERS

The worst joke I heard today was told me by Hek. I don't know his other name. He played the piano for the DeReske [illegible] last winter with us on tour when Jimmy Johnston, the tenor, got sick. Hek was quite a card as well as a very good what you call an accompanist. In other words any way you jumped your voice, why Hek had to. You had to be pretty bad if Hek couldn't locate you on the piano.

But he used to tell us of one lady soprano that stumped him one time. She had the costume and the ambition but that was about all. She started in and Hek couldn't tell which section she was in. She went from treble and she went in the bass [illegible] he had to give it up and ask her:

"Madam, I have tried to follow you. I have played every octave on this thing. I have tried the black keys. I have tried the white keys. But always you seem to be in the cracks."—Copyright 1926.

Statesmen or Politicians

[St. Cloud Journal Press.]

[illegible] statesmen enter politicians. That is the tendency of political discontent from the East to the West. In the West it largely [illegible] the farmer, in the East it appears to be the tax earners.

Many farmers honestly believe they are being discriminated against by the tariff [illegible] the advantage is for the manufacturer and the employes who are receiving the highest wages of any workers on earth. The wage earners think the farmers are pets of the government [illegible] that butter eggs milk potatoes pork and beef are too high. The consumer too [illegible] Both while irritated by exactly opposite [illegible] are pointing to strike against the [illegible] have been listed as conservatism.

The country has gone through [illegible] isms and survived, getting back to [illegible] in season. History is merely repeating itself and the country will continue to be [illegible] a few demagogues break in on the [illegible]. So why worry?

oster? But if that is so what about the letter from the bishop in [illegible] who married her to Mr. Andover [illegible] some years ago?

Luella leant back in the hammock closing her eyes.

Oh, that's in order. I've no doubt the Andover brother did probably marry her in a moment of [illegible] revelry. But he isn't the father of that child according to this [illegible] statement. If you ask me the woman—whenever she got word of the death of Philip's father—thought up a clever [illegible]. Jerry is the child of the second marriage. She changed the date on the birth certificate or something of that sort. [illegible] the brat is certainly small for his age [illegible] though sharp as a needle. [illegible] the little imp.

At that moment the buxom figure of Mrs. James Andover came in view walking towards them.

Oh, look, Luella opened lazy eyes and surveyed the approaching woman. Look at the color of her face! I [illegible] or the heat—or both.

The chatelaine of the hacienda was in white and the high brilliant color of her harsh complexion stood out in sharp contrast to the gown she wore. There were drops of perspiration on her forehead and above her too full mouth.

Well, I must say it's soft being able to play the fine lady, was her greeting to Luella Loder. She totally ignored the other girl.

Luella gave a cool and rather mocking little laugh.

You don't exactly look as though you found it soft.

Mrs. James Andover snorted. One could use no other word to describe the [illegible] and irritated noise she made.

I wasn't referring to myself. I'm [illegible]

[illegible] Are you thinking [illegible] Jerry [illegible] well [illegible] Oh, what?

Oh [illegible] Luella's mocking little laugh [illegible] "That ought to [illegible] he's so small yet [illegible] even marry him."

Oh [illegible] by the time Jerry's grown up, retorted Jerry's mother.

Or a widow, corrected Miss Luella calmly [illegible] with her [illegible] the woman's face.

With widows remarrying very quickly, as they tell me. There's a [illegible] suitable.

[illegible] Now what are you trying to get at, I'd like to know. Make [illegible] The questions [illegible]

Why, you surely aren't angry [illegible] pretty [illegible] which [illegible] the listener. [illegible] always marry again. I [illegible] about it only the other day. A widow is compared to a spinster of the same age or even ten years younger has three times the chance. See.

Well, I didn't avail myself of my chances, Mrs. James Andover tossed her head.

Luella, as though still absorbed, sat [illegible] upright in the hammock.

Such a queer thing happened late last night—or rather early this morning, she announced, her gaze—wide eyed now and innocent—upon the widow's face. Your bailiff was out and looking for you. He was so very anxious to find you that he woke me up at dawn.

HIGHER THAN THE WOOLWORTH TOWER

The Woolworth Building in New York City, which towers 792 feet above the street, is the highest building in the United States.

If all the bottles of Lydia E. Pinkham's Vegetable Compound sold in 1925 could be placed end to end they would make a column as high as the Woolworth Building. And there would be enough left over to extend from Lynn, Massachusetts, to Cleveland, Ohio.

In every little village as in every thriving city along the route there are enthusiastic women who are glad to tell others how much Lydia E. Pinkham's Vegetable Compound has helped them.—Adv.

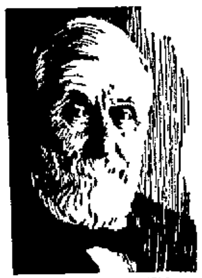
A Child's Laxative which Mothers Can Rely On



DR. W. B. CALDWELL AT THE AGE OF 83

To Dr. W. B. Caldwell of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept stirred up and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel regularity.

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

THE MAYTAG TUB CAN BE FILLED TO THE BRIM
THE ALUMINUM GYRATATOR CREATES AN UNUSUALLY TURBULENT WATER ACTION

THE scientific design of the Maytag cast-aluminum tub, together with the gyratator action, creates an unusually cleansing, more turbulent water condition in every inch of the tub all of the time. A water action that puts every drop of water—every bit of soap suds at work.

This more cleansing water action, found only in the Maytag, washes clothes clean in half the usual time—washes bigger tubfuls in but 3 to 7 minutes. Does a whole washing—[illegible] pounds of clothes (dry weight) in one short hour. Washes everything without hand-rubbing—even collars, cuffs and wristbands.

The Maytag has no waterline. A few pieces are washed just as effectively in a pailful of water as a big tubful of clothes are washed with the tub filled to the brim with water.

Phone the nearest Maytag dealer! Use a Maytag in your own home without obligation or expense. Test it thoroughly. Compare it with other washers. If the Maytag doesn't sell itself, don't keep it.

Approximately 1,200 Odd Fellows and more than 300 Rebekahs had registered for the encampment up until last night. More were expected today.

BRADY'S GRANDCHILD IS ENGAGED TO WED

Albany's Wealthiest Girl To Marry Nephew of President Arthur

Albany, July 12—Albany's wealthiest girl is engaged. She is Miss Ann Gavit, daughter of Mr. and Mrs. E. Palmer Gavit of Albany and Santa Barbara, Cal., and granddaughter of the late Anthony N. Brady, many times a millionaire.

The engagement of Miss Gavit, 19, to Charles Hervey Adickson, Jr., formerly of this city and now of Santa Barbara, has just been announced.

No date has been set for the wedding but it is expected to take place in Santa Barbara before Mr. and Mrs. Gavit come east in September.

Miss Gavit was bequeathed a trust fund of $11,000,000 in the will of Anthony Brady, and this fortune is believed to have been doubled since it was created.

The prospective bridegroom is a grandnephew of the late President Chester A. Arthur of Albany. He is now the head of the bond department of the Bank of Italy at Santa Barbara.

There is only one woman veterinary surgeon in England.

Homecoming services for Rev. and Mrs. Howard N. Porterfield and Miss Vera Stull, missionaries among the mountaineers of the Cumberland Mountains, Ky., were held at 10:30 o'clock yesterday morning at Calvary Evangelical Church.

Mrs. Porterfield, whose work is chiefly among the homes of the mountaineers, chose "Home Lines" for her subject. Miss Stull, who is a teacher in the settlement school located at Red Bird Station, Beverly, Ky., spoke on the work of the school. Rev. Mr. Porterfield, who is in charge of the evangelical and educational mission at the station at Jack's Creek, Loark, Ky., spoke on this branch of the work.

Rev. and Mrs. Porterfield spoke at Oakland Evangelical Church last night, Mrs. Porterfield talking on their experiences among the mountaineers. Rev. Mr. Porterfield spoke on the need of intellectual, social, physical and spiritual enlightment there. He also wove many interesting experiences into his talk. Rev. Mr. Porterfield spoke at the Rotary Club luncheon today and Wednesday night will speak at First Evangelical Church, Akron. Rev. and Mrs. Porterfield and Miss Stall will give a "Lantern Lecture" at 8 o'clock Thursday night at Calvary Evangelical Church and describing the various pictures they have taken in connection with their work.

Boastful Man and Nation Are Criticized By Speaker at Union Church Service

Dr. H. F. Weckmueller Preaches at First Presbyterian Church on "The Vanity of Boasting"; Rev. R. W. Smiley Presides and Rev. B. L. George Gives Benediction

"The way of a boaster, whether an individual or a nation, is vain," declared Rev. H. F. Weckmueller, pastor of First Reformed Church, last night in his sermon at the union service in First Presbyterian Church.

Nations, because of their greatness, became vain and boastful and because of their boastfulness have been destroyed, he said, and cited as examples Babylon, China, Egypt, Greece and Rome as nations who once prospered and fell.

"This nation of ours is 150 years old, which seems old to an individual but young, extremely young, for a nation. We are truly a great nation, we know it, the world knows it, even though it does not always admit it. Other nations have fallen with a firmer foundation than the one we have; will history repeat itself?

Match Their Strength

"We hope not. But what the future will be 150 years from now depends entirely upon us. Our nation should become greater, we have the heritage of all the past experiences of other nations—if we profit by them, and we have the admonition of the glorious word of God to guide us—if we follow it."

Rev. Mr. Weckmueller likened individuals with nations in his sermon on "The Vanity of Boasting." He said that there are people that turn against God and hope to prosper. And there are people who are afraid of the elements, but are not afraid to match their strength with the strength of the infinitely powerful God and say boastfully, "We have no need of you."

"Of all the foolish audacious things that I can think of," he declared, "the most foolish and the most audacious, is to turn against the Almighty God and boast about it."

An anthem, "O, Holy Father," was given preceding the sermon by the Presbyterian Church chorus. The chorus numbered 40 voices and was directed by Charles Colmer. Mrs. Harry Williams accompanied at the organ.

Rev. Mr. Smiley Presides

Rev. Raymond W. Smiley, pastor of Presbyterian Church, was in charge of the service. Rev. G. E. Groves, pastor of Central Christian Church, read the scripture and Dr. B. L. George, pastor of Epworth M. E. Church, gave the benediction. Dr. U. S. Davis of Trinity Baptist Church and Rev. C. L. Ake of Calvary Evangelical Church gave short prayers.

Epworth League of Epworth M. E. Church was in charge of the Young People's meeting which preceded the church services.

Union services next Sunday night will be held at Trinity Baptist Church. Rev. Raymond W. Smiley will preach the sermon. Young people's society of Calvary Evangelical Church will have charge of the Young People's meeting. Music will be furnished by Trinity Baptist Church choir.

Down in Florida and out in California they have coined a new name for the money-man backing each real estate operation—he is known as the "Angel." They say, "Who is the angel for Coral Gables?" or "There goes the angel for Barbary Coast"—and you are supposed to know that they refer to the man who writes the checks and meets the pay-roll.

The City Loan has built up a vast financial institution with assets exceeding $3,000,000.00, which it loans out to folks who need cash in sizable amounts. Fifteen thousand families lean on the City Loan periodically for financial support, and we pay thousands of bills for ourselves and our borrowers every month. Will someone please send them word and see if The City Loan can get in the "angel" class?

MARION ATHLETICS DEFEAT ELMORES, 3-1

Main Hurls Great Ball For Local Team, Granting Only Five Hits to Toledo Outfit

Dick Brashear, Former Ohio State Backstop, Makes First Appearance with A's, Newcomer Handles Himself in Big League Style; Donaldson Is Star

BY JACK DONAHUE

A COOL headed, deep thinking lad who owns a large assortment of curves, puzzling cross fire and a world of smoke, who can hurl better ball with men on the sacks than some pitchers can with the bags empty, a hardworking, always on the go sort of a fellow, that's Main, crack local hurler who pitched the Marion Athletics to a 3 to 1 win over the Toledo Elmores Sunday afternoon at Lincoln Park.

Main had the Indian sign on the invaders yesterday. He humiliated them at the bat by handing out only five lone bingles, distributed exclusively among three of the visiting players, and stopped them dead in their tracks when they succeeded in placing runners on the sacks.

An [illegible] with Main [illegible] the Elmores [illegible] gleaned from the fact that [illegible] the heavy hitting [illegible] of the visitors was whiffed [illegible] two [illegible] tight places [illegible] game after this [illegible] a triple and a double in [illegible] first two trips to the plate. [illegible] Main had the visitors [illegible] visitors are still [illegible] for Main's [illegible].

Brashear Works Well

Dick Brashear, former Ohio State backstop, made his first appearance in a Marion uniform in the game yesterday, replacing [illegible], who [illegible] signed Sunday to [illegible] a [illegible] position with an out of town [illegible].

Brashear worked perfectly with Main behind the bat and promises to prove a worthy asset to the local club. In addition to some brilliant work behind the bat the newcomer came through with two hits, one of which shoved [illegible] the run that sewed up the game in the eighth inning in favor of the Athletics.

Another player on the Athletics who is not to be forgotten when the bouquets are being dished out is Donaldson, diminutive shortstop of the Athletics, who handled no less than 11 chances in the field and handled them well. Besides his brilliant work in the field Donaldson came through with two bingles in four trips to the plate.

Wittmer, using nothing but a straight fast ball, hurled for the visitors and how he got by the way he did was something of a mystery to close to 1,000 fans who came out and watched the Athletics and Elmores do their stuff. To his credit it might be said that his pitching was of some worth, for when a hard hitting outfit like the Marion Athletics are held to three runs and nine hits something's good.

Score in First

All the scoring came in the first and eighth innings. The Elmores shoved across their lone unearned run in the first spasm after two were out. Main played Santa Claus and put the run on first base when he failed to go after Decker's pop-up. Callahan then stepped to the plate and slapped out a triple to left center which scored Decker for the invaders' lone tally of the game.

Fuming furiously over the fact that the Elmores had beaten them to the punch the Athletics came to bat in the first inning raving mad. Colgrove, leading off, made a great attempt to dump the ball outside the park but grounded out. However Buckland, Bacon and Sharrott finished what Colgrove started out to do by slapping out [illegible] drives which [illegible] runs with the aid of [illegible] playing on the part of the [illegible] invaders.

Score Again in Eighth

[illegible] close during the next six [illegible] the Athletics [illegible] again in the eighth inning and [illegible] up the game. With one out Bacon singled, Sharrott [illegible]. Donaldson singled and Brashear brought in the run with a single drive to left infield.

Decker was the fielding star for the visitors, featuring with two sensational catches of apparent hits. Callahan and Nichols featured the hitting for the Elmores while [illegible] Donaldson and Brashear were the big [illegible] for the Athletics.

Giants Cripple Flag Hopes of Reds by Making it Four Straight Wins Over Cincy

Luque Fails To Stop McGraw Outfit and Is Defeated 5 to 0; Tribe Shows Great Form with Stick and Even Series with Yanks 8 to 3

THE New York Giants completed the devastation of the Rhineland yesterday by trimming the Reds for the fourth straight time, 5 to 0, cutting the Ohioans' first place lead over the champion Pirates down to half a game more than a game.

The Sunday game showed the club at its very worst in attack. Luque had a puzzling curve ball but he was very wild, passing six men to first base and thus opening the way for tallies in two of the [illegible] rounds.

But the succeeding [illegible] were [illegible] by hard hitters [illegible] was a blanking [illegible] of the most [illegible] nature.

Virgil Is Effective

Virgil allowed only five hits, three of which were credited by Curt Walker. With one man [illegible] nearly all of the hitting the bingles [illegible] very costly but bad and the chances for runs are comparatively small. In this case they turned out to be exceedingly valuable.

Jackson Has Nine Chances

Jackson had nine chances at shortstop and Frisch 11 at second base and their general defensive play was as classy as could be wished for by John McGraw or any other expert.

Adolf Luque, who has won many close battles from the New York delegation, started off at a great clip, striking out such reliable lefthand hitters as Heinie Mueller and Ross Youngs in the opening round. But he broke down in the third and fourth, in each of which sessions three hits were bunched off his delivery.

The Cleveland Indians turned the hose on the Yanks yesterday and evened the series with the American League leaders to the tune of 8 to 3. Levsen, hurling for the Tribe, was never in trouble while the big guns had the range on Thomas, Beall and McQuaid.

On the earlier occasion of his Gotham visit Levsen held the Yankees to two hits and then lost the toughest game of the year, 2 to 0, when Ruth hit a homer with one man on.

Thomas Doesn't Last

On that occasion as on this Myles Thomas was Levsen's opponent. But Sunday Thomas did not go the route, being followed by Beall and McQuaid as the Indians continued to pound out a steady barrage of hits.

George Burns hammered out three hits in four trips, scoring one run himself and driving in two more. Luke Sewell injected a timely triple in the second inning that scored two runs and put the Indians in a lead they never lost. Fred Spurgeon sent Thomas to the clubhouse in the eighth when he tripled to score two more.

Lutzke Gets Three

Even Rube Lutzke smacked the Yank offerings for three hits and Homer Summa got two. It was a great day for Tribal batting averages.

[illegible] returned to the Brooklyn line up and delivered the hit which enabled Burleigh Grimes to win a two to one decision over Blake of the Cubs.

The Braves went berserk and slaughtered the Cardinals 19 to [illegible] after dropping the opening game of a double header 7 to 2. The Braves collected 2[illegible] hits in the nightcap which marked their victory over the Cardinals in ten straight defeats.

The Senators clung to fourth place by downing the Browns 8 to 3 behind Walter Johnson's pitching. St. Louis pulled a triple steal, Sisler scoring.

[illegible] as the two bunnies [illegible] hopping along beneath [illegible] there was a queer [illegible] sound and Mrs [illegible]

[illegible] perhaps" answered [illegible] the city now [illegible] they don't have fast [illegible] on the lady rabbit [illegible] like a Fox snuff [illegible] enough it was [illegible] Fox popped out [illegible] raced after the two

[illegible] fast [illegible] Uncle [illegible] fast [illegible] I can go [illegible] living in the city [illegible] made me lazy I guess [illegible] as fast as I could [illegible]

[illegible] Wiggily and his wife did [illegible] did the Fox and he [illegible] after them howling

[illegible] Where have you been [illegible] the last week [illegible]

[illegible] to stop and tell him [illegible] said Uncle Wig[illegible]

[illegible] stop [illegible] warned the [illegible] he wants to do is to [illegible] nibble your ears.

[illegible] I know that!" said [illegible] he hopped on faster [illegible] came the Fox [illegible] close to Mr and [illegible] that they could feel his [illegible] of their neck.

[illegible] I was sorry [illegible] said Mrs [illegible] seem [illegible] again [illegible]

But just then [illegible] the Fox stepped [illegible] the right [illegible] He began dancing [illegible] and howling [illegible]

What happened [illegible] the Fox [illegible] Mrs Longears [illegible] hurried [illegible] which they said reached

"Oh I guess he must have stepped on the sharp pointed jackstones I dropped" said Uncle Wiggily with a laugh.

"Ha! Ha!" chuckled Mrs Longears [illegible]

"I brought [illegible] of jackstones [illegible] little [illegible] to play with" said Mr Longears looking back to where

He began howling "Ouch! Ouch!"

the Fox was still dancing [illegible] howling. And just [illegible] the Fox stepped on them [illegible] they hurt his feet.

And that [illegible] what happened [illegible] the Fox [illegible] bunny [illegible] and his wife [illegible] safely home [illegible] And if the [illegible] the lemon [illegible] I'll tell you next [illegible] Uncle Wiggily [illegible]

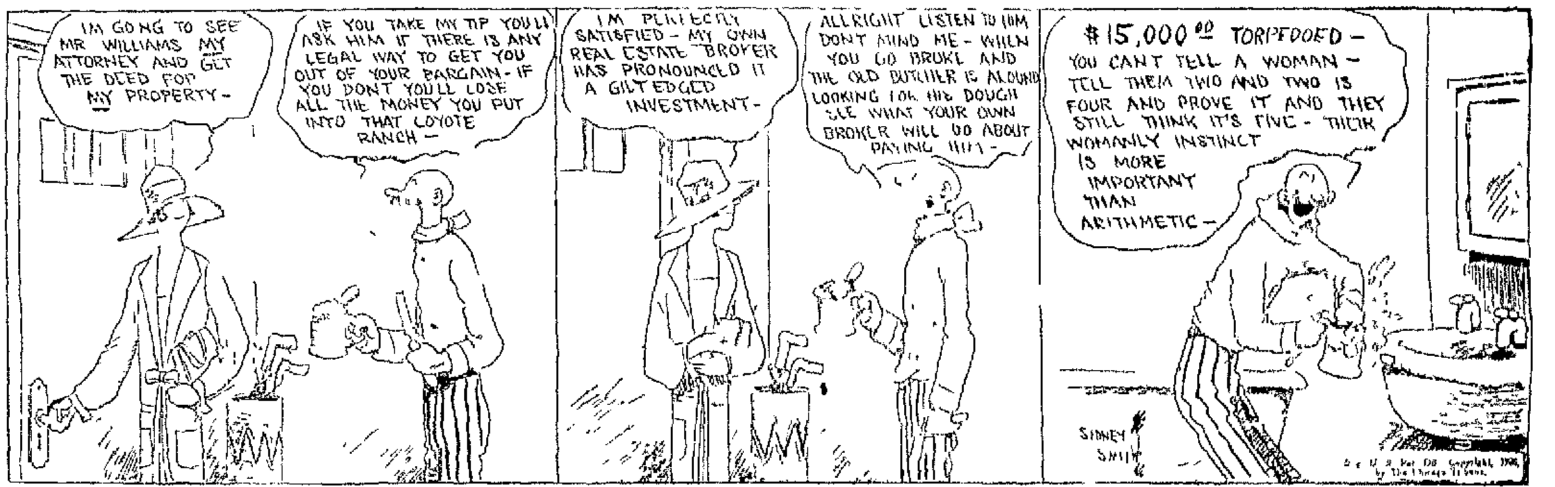
IT'S THE WOMAN WHO PAYS

By Sidney Smith



I'M GOING TO SEE MR WILLIAMS MY ATTORNEY AND GET THE DEED FOR MY PROPERTY-
IF YOU TAKE MY TIP YOU'LL ASK HIM IF THERE IS ANY LEGAL WAY TO GET YOU OUT OF YOUR BARGAIN - IF YOU DON'T YOU'LL LOSE ALL THE MONEY YOU PUT INTO THAT COYOTE RANCH -
I'M PERFECTLY SATISFIED - MY OWN REAL ESTATE BROKER HAS PRONOUNCED IT A GILT EDGED INVESTMENT-
ALLRIGHT LISTEN TO HIM DON'T MIND ME - WHEN YOU GO BROKE AND THE OLD BUTCHER IS AROUND LOOKING FOR HIS DOUGH SEE WHAT YOUR OWN BROKER WILL DO ABOUT PAYING HIM -
$15,000.00 TORPEDOED - YOU CAN'T TELL A WOMAN - TELL THEM TWO AND TWO IS FOUR AND PROVE IT AND THEY STILL THINK IT'S FIVE - THEIR WOMANLY INSTINCT IS MORE IMPORTANT THAN ARITHMETIC -

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO

ARTICLE XVIII SECTION 11

PROPOSING AN AMENDMENT TO SECTION 11 OF ARTICLE XVIII OF THE CONSTITUTION OF THE STATE OF OHIO RELATIVE TO ASSESSMENTS FOR THE COST OF ACQUIRING PROPERTY

Be it resolved by the General Assembly of the State of Ohio three-fifths of the members elected to both houses concurring therein

That there shall be submitted to the electors of this state in the manner provided by law on the second Tuesday in August 1926 a proposal to amend section 11 of article XVIII of the constitution of Ohio so as to read as follows

Sec. 11 Any municipality acquiring property by purchase or appropriation for a public improvement may provide money therefor in whole or in part by assessments upon property benefited by the improvement whether abutting adjacent or otherwise located. Such assessments shall in no case exceed special benefits conferred thereby

Be it further resolved, That at such election above referred to this amendment shall be placed on the official ballot, in the manner provided by law and designated as follows

To authorize assessment by municipalities of the cost of acquiring property for public improvement upon lands benefited thereby or in other language sufficiently clear to designate such purpose

If adopted said amendment shall take effect on the first day of January, 19[illegible]

Adopted March 27 1925

United States of America,
State of Ohio.
Office of the Secretary of State

I THAD BROWN Secretary of State of the State of Ohio do hereby certify that the foregoing is an exemplified copy carefully compared by me with the original now on file in my office and in my official custody as Secretary of State and found to be true and correct of a Joint Resolution adopted by the 86th General Assembly of the State of Ohio on March 27 1925, and filed in the office of the Secretary of State, on April 3 1925 proposing to amend Article XVIII Section 11 of the Constitution relative to assessments for the costs of acquiring property

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed my official seal at Columbus, Ohio, this 1[illegible] day of June, A. D 1926
THAD BROWN,
[Seal] Secretary of State.

Today In Marion Markets

Groceries, Produce, Meats, Grain, Livestock

Old potatoes were cheaper in Marion markets [illegible] Prices set on the potatoes was 40 cents a peck and $1.50 a bushel in many markets. Quotation Saturday were as high as [illegible] cents a peck making a 15-cent drop [illegible].

New potatoes sold at a general price of [illegible] a peck. Only a few markets were selling the new variety at the price named Saturday. On the bushel lot a price of $2 was asked.

A new low on raspberries was reached in the local fruit houses. Quotation found today was [illegible] cents a quart for the black variety and 35 cents for the red. Other prices ranged from the low price to 35 cents for the black and to [illegible] cents for the red.

Cherries were retailing slightly cheaper at two quarts for 25 cents and [illegible] cents a quart.

Strawberries Out

Egg plant was announced today for the first time on the local market [illegible] this year. It was marked at [illegible] cents and 25 cents.

Strawberries were almost sold out of the markets. Hardly a crate was found in the uptown store district. They still sold at 20 cents a quart.

Home grown cauliflower priced and sold exceedingly lower than the imported [illegible] The growth of the home grown cauliflower was inferior to the imported. It sold at five cents a head while the other sold at 25 and 30 cents a head.

Green string beans were made the lowest this season at the produce [illegible] today at 10 cents a pound. Saturday dealers asked 15 cents. [illegible] variety sold at [illegible] cents.

Butter Advances

A drop of five cents was recorded on [illegible] motors posting the general price today at [illegible] cents a pound. Hot house variety retailed at [illegible] cents a pound.

Butter advanced to its former price of 45 cents a pound which it was [illegible] for the special Saturday price.

[illegible] boosted [illegible] at [illegible] cents more on the barrel $8.[illegible] No [illegible] price was asked on the pound loss.

AOTHER LIFE ADDED TO HIGH BRIDGE TRAGEDIES

Cleveland O July 12 — Another life today was added to the list of those who have taken Cleveland's high level bridge as the jumping off place into the death dealing waters of the Cuyahoga river. Before the eyes of hundreds of horrified pedestrians and motorists Edward C. Abraham 63, climbed to the cement railing tossed off his coat and leaped nearly 100 feet into the river to his death.

LONG'S SHOE STORE

143 W Center St

"Help make business come to Marion by keeping its streets from becoming congested"

Don't Park on the Street

Parking your car all day on the public street inflicts loss upon the merchants whose place of business is blocked. The people from the country and neighboring towns will not come to Marion if they can not get quick access to the stores they want to visit.
